About Me

Transforming Professionals & Businesses with the Power of AI

With over a decade of experience in IT training and services and a deep passion for emerging technologies, I have positioned myself as one of India's most sought-after AI Trainers and Prompt Engineering Experts. I specialise in equipping educators, professionals, leaders, and entrepreneurs with the practical knowledge and tools to harness Generative AI for productivity, creativity, and growth.

Professional Experience

With a passion for driving digital transformation and a track record of delivering results across Indian & international markets, I specialise in creating impactful marketing strategies powered by AI technologies.

As a corporate trainer, I empower teams with the latest digital tools and insights. A dynamic public speaker, I thrive on motivating audiences to embrace innovation, improve performance, and stay ahead in the digital age.
